Technical Skills React JS, JavaScript, Tailwind CSS, Redux, HTML, CSS, Git, Bootstrap, Agile

EXPERIENCE

Project Engineer

Wipro Ltd

April 2022 - Present

Bangalore, Karnataka

- Took the project from initial design through to completion, ensuring all milestones were met on time.
- Improved UI performance by 60% by identifying bottlenecks, leveraging technologies like Redux and React Hooks.
- Integrated responsive design principles and turned static web pages into dynamic ones, reducing device-specific bugs by 35%.
- Coordinated with the design team to ensure seamless integration of UX/UI designs, resulting in a 60% increase in user satisfaction.
- Worked closely with an Agile team and provided end-to-end solutions for clients
- Diagnosed and resolved issues during the development process, ensuring a stable and efficient final product.

EDUCATION

Bachelor of Engineering - Srinivas Institute Of Technology, Mangalore

2017 - 2021

PROJECTS

Job Finder Application

- Designed and developed a robust job search application using React.js.
- Ensured a responsive and intuitive user experience across both desktop and mobile platforms
- Successfully integrated mock data and live data to accurately simulate real-world job listings and search functionalities
- Enhanced the application's usability and testing efficiency.[link](#)

Coin Trace

- Designed and developed the front-end architecture using React.js.
- Utilized Context API to manage global state and ensure efficient data flow across the application.
- Integrated CoinGecko API for fetching and displaying cryptocurrency data.
- Integrated charts and graphs to visualize market trends and historical data.[link](#)
